AUDIT DISCLAIMER

Brewlabs, a product arm of Healing Potion, provides paid due diligence in the form of audits for Binance Smart Chain, Ethereum and Matic tokenised projects within the cryptocurrency space. Before reading this audit report, we strongly encourage you to do your own research and ensure that you are only utilising the information provided as a secondary measure to help improve your decision-making. This audit will not protect you or your investment in any form and has only been created at the request of the token to provide general insight into the tokenised project. This audit does not serve as financial advice of any kind. Brewlabs cannot guarantee that any form of malicious or fraudulent acts such as exit scamming, liquidity removal or token sell off by team members will not occur. By reading this audit report, you understand that any information utilised by Brewlabs has been provided directly by the subject token. Brewlabs indemnifies itself from any misinformation provided by the subject token owners.

IMPORTANT: Cryptocurrency is considered a speculative market, always do your own research.

Team & Skill Set

Future Token Use Case

73.3%
The RARI Games team plan to build future utility for the token around NFT racing games.

9

Core Use

The future use case for the RARI Games project can be considered as very strong if the team can deliver on an NFT racing platform. The concept behind NFT racing would fall within the increasingly popularity of NFT gaming and play to earn ecosystems. Racing has always been a popular category in traditional gaming.

5

Development Resources

The team at RARI Games and skill sets are unknown.

8

Other Use Cases

- Staking pools available for those wallet holders who wish to stake RARI.
- The project also has additional use case through the NFT marketplace.

Use Case
